

STARTING WELL

In Luke 8, Jesus tells the parable of the farmer who scattered seed. He explains to the disciples the seed is God's word and there are some soils where it just won't flourish. But when the seed falls on fertile soil, great things happen.

Our desire is that during your financial discipleship journey, you have the opportunity to plant seeds that flourish - that help you grow and help others grow as you learn, apply and multiply everything God says about money - for His glory!

Not sure where to start? This guide can help, giving you opportunities to bear fruit during every stage of your financial discipleship journey.

FINISHING WELL

In our journey with the Lord, it's not how we start that matters, it's how we finish. And while God desires for us to do well, He also desires for others to do well. Finishing well isn't just about growing on our journey, it's about helping others grow on theirs too. Being faithful on our journey and helping others be faithful on theirs is what financial discipleship is all about!

Our prayer for you is that you would finish well and bear much fruit. That you would hear the words of Jesus ringing in your ears throughout eternity, "Well done, good and faithful servant... enter into the joy of your master!"
